## Summary [See complete responses](#)

What grades will your children be in for the 2012-2013 school year?

Grade	Count	Percentage
K	27	38%
1st-grade	23	32%
2nd-grade	13	18%
3rd-grade	8	11%
4th-grade	4	6%
5th-grade	7	10%

People may select more than one checkbox, so percentages may add up to more than 100%.

Are you a returning family of QAE or a new family?

Family Type	Count	Percentage
Returning Family	44	61%
New Family	28	39%

For returning families, please rate the before and after school programs that you have enrolled in (<http://www.queenanneelementary.com/beforeafter-school.html>). - "Math Enrichment Classes" by The Learning Studio

Rating	Count	Percentage
Exceeds our expectations	8	11%
Satisfactory	2	3%
Less than satisfactory	0	0%
Not enrolled	34	47%

For returning families, please rate the before and after school programs that you have enrolled in (<http://www.queenanneelementary.com/beforeafter-school.html>). - "iPad Lego Animation" by Clay Animation Network

Rating	Count	Percentage
Exceeds our expectations	5	7%
Satisfactory	2	3%
Less than satisfactory	1	1%
Not enrolled	36	50%

For returning families, please rate the before and after school programs that you have enrolled in (<http://www.queenanneelementary.com/beforeafter-school.html>). - "Leo Clubs" led by Plavwell TEKnologies

communicate with students. They have a good instructor/student ratio and I like how they build up the skill set. Chessmates. I liked chess and volunteered many times. I felt the structure was a little too open for students and that they could have benefited from more puzzles/structure. Organization of parent volunteers and attendance needs to be refined. Hazel liked learning how to ride the unicycle. Mr R did a great job with i ...

**For returning families, what are the limitations and weaknesses of the programs that you have enrolled in? How may we improve on those aspects?**

Chess club / weakness- attendance. One on one basketball. Didn't like the instructor, Stewart. Felt the class was over enrolled. Hazel liked the games and vocabulary lessons. Sometimes math topics covered are a little too rudimentary for the class. Poor communication / coordination with KidsCo. Unicycle club is largely unstructured- just a chance to ride around. Better for the beginners; less fun if you can already ride, though a chance for more seat time and exercise. Art clubs both good, in particular ms. meg's. Not really sure how much Chinese my son actually understands. There needs to ...

**What clubs/programs are your family interested in?**

**For all families, please indicate the before and after school programs that you are interested in enrolling for the 2012-2013 school year (http://www.queenanneelementary.com/beforeafter-school.html). Please note that we will have a new "Debate Class" for the Fall run by DebateAble. - "Math Enrichment Classes" by The Learning Studio**

What new before or after-school classes, if offered, would you be interested in enrolling? - Music class (instrument)

What new before or after-school classes, if offered, would you be interested in enrolling? - Music class (singing/chorus)

**What new before or after-school classes, if offered, would you be interested in enrolling? - Drama class**

**What new before or after-school classes, if offered, would you be interested in enrolling? - Other classes (please specify below):**

Gardening, creative writing and story-telling, book club, photograpy, MUSIC PLEASE!, Lego robotics, Dance class, Bicycle club, soccer, reading/book club, Robotics, DRAMA, DRAMA and DRAMA please for the school. Let's get that going, I would love to see my daughter do music - chorus or instrumental - but I am not sure what she wants to do. I think she's more likely to do chorus than an instrument. How about dance classes at the school - ballet, or modern/jazz? there are lots of kids who take those classes & it would sure be convenient if they could be offered at the school itself. We'd be interest ...

**Can you recommend a company/provider for a particular class? Please specify the class name and the website and/or contact information of the provider.**

No, Mr. Allen Barlow from John Hay school is an excellent drama teacher. **How often would your family like to use the before-and-after school programs this year?**

**Before-school program**

**After-school program**

**Do you have a preference for the timing of intellectually challenging programs (e.g., language, math) and creative or play-based programs (e.g., art, LEGO, physical activity)?**

**Before-school program**

Prefer intellectually challenging programs	<b>19</b>	26%
Prefer creative/play-based programs	<b>4</b>	6%
Prefer a mix of intellectual and creative/play-based programs on different days of the week	<b>29</b>	40%
No preference	<b>16</b>	22%

**After-school program**

Prefer intellectually challenging programs	<b>0</b>	0%
Prefer creative/play-based programs	<b>26</b>	36%
Prefer a mix of intellectual and creative/play-based programs on different days of the week	<b>30</b>	42%
No preference	<b>12</b>	17%

**Before-school class start times are impacted by many things, including classroom availability, length of class, etc. However, if you had a choice, what would your preferred start times be?**

**Do you have any comments regarding the before-school class start times?**

I'm less concerned about what range of time the class starts and the range in time between the end of the class and the start of school. With younger children, I do not want a gap (10 min or more) in unsupervised time for my child. The gap in time for language classes last year (25 min) was the number one reason we did not enroll in Spanish. Likely obvious, but whenever before school class starts, it needs to end shortly before school so parent doesn't need to return to supervise child before bell rings. later start time plus chance to drop off as early as 8 might be best for flexibility. Con ...

**General Comments and Suggestions**

**Please provide your comments and suggestions to the club teachers/providers on how they can help make their classes a great experience for our children.**

By providing a variety of programs in a supportive environment that encourage development of life skills e.g problem solving, team work, creative thinking etc. As much as possible, make them a FUN learning time. Is there a way to incorporate computer time in to some before or after school activity? Fun= priority

one; learning will happen. They are really good already. love the variety of activities we have already - I am sure this will increase as we grow. I have been a little disappointed that my daughter hasn't been more into some of the clubs. She did art class and for some reason didn't ...

**Please provide your comments and suggestions to the PTSA on how we can help make the before-and-after school clubs a great experience for our children.**

By providing a variety of programs in a supportive environment that encourage development of life skills e.g problem solving, team work, creative thinking etc. We are VERY interested in having music classes before or after school! Having a variety of activities is great so that there is something for everyone. Get the greatest and most loving, playful teachers you can - that seems as important, or more important, than the specific activity. You guys are doing a great job, keep it up! Thank you so much for bringing such wonderful programs to our school Thanks for asking for input I'm sorry I'm no ...

**Would you be interested in volunteering to help the before-and-after school clubs? We need parent volunteers in assisting the class providers and helping children transition between classes, etc. If yes, please provide your name and email (or phone number) in the box below. We thank you for your valuable help and contribution.**

Perhaps I could do this, but I cannot commit at this time. I wish i could but my work schedule does not allow me to at this time would love to but work schedule does not allow this. I would need a little more info about what this entails, but I could possibly be available to help out. Nicole Siciliano (nicolesiciliano@gmail.com) Both parents are working full time Occasionally I can help out! Stephan Poole stephan.poole@gmail.com Beth Caldwell, 206-922-3083, ejs@uw.edu. Could help out on Friday afternoons, assuming it is OK to bring my 1-year-old with me! I can help on Fridays. I have two young chi ...
